ABOUT US

- ← **Ecomaxx Engineering** is an indigenous Nigerian Company which was incorporated in Nigeria to provide services in Civil and Building construction, Office and school remodeling and supplies, design and consultancy services and facility management.
- ← The group has been operating as a consortium as **(MEGA PROJECTS)** since 2008. **Ecomaxx Engineering** was recently registered to cater for specialized services out of the consortium main scope of operations. The company is managed by a team of experienced Nigerian professional along a well-trained Labour force. The Company is particularly aware of and committed with focus on Health, Safety and Environmental Protection in accordance with international practice. Our Company meets international standards in every field of our job.

VALUES

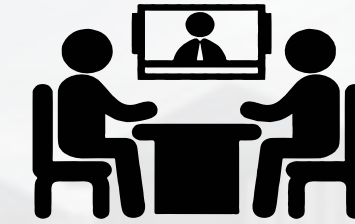

Integrity

Our top-level goal is always to build with integrity by being honest and open with our client, consultants & sub-contractors. We recognize that without a high level of trust, the vital relationships that can make or break a project will dissolve.

Excellence

We instill in all our site staff and management a sense of self achievement and personal responsibility to provide a feeling of personal pride for each and every person who works on project. It's personal pride in a job well done, whatever the task.

Collaboration

We understand that each stakeholder in a project has a job to do. However, we also know that if people enjoy what they do, they'll be happier, healthier and achieve more. For most of us, work is a big part of life.

That's why we always do our best to make every job enjoyable, so all who work with us will have a good time doing it.

GOALS AND OBJECTIVES

- 01** Doing Ordinary things Exceptionally”
Exhibit professionalism in every aspect of our business with our client interest at fore-front
- 02** We will remain innovative and explore creative means, courage and provide superior services to remain on top in clients satisfaction.
- 03** We will continue to acquire knowledge and technical skills, competences and encourage continuous development of company to remain on top.
